## Summer Math Entering: Course 1

The following is a list of prerequisite 6th grade-level IXL skills for additional math practice. **You** should attempt to earn a minimum *smart score* of 85% for each skill. Please *self reflect* on the each skill appropriately.

Student Name: \_\_\_\_\_ IXL UserID: \_\_\_\_\_ IXL PW: \_\_\_\_\_

Date	Grade /Level	Skills	Score	Self Reflection (circle one):
	6 / H	A.1: Place Value		Easy    Challenging    Difficult
	6 / H	A.3: Write Word Names for Numbers		Easy    Challenging    Difficult
	6 / H	D.2: Evaluate Exponents		Easy    Challenging    Difficult
	6 / H	F.2: Decimal Place Values		Easy    Challenging    Difficult
	6 / H	F.4: Ordering Decimals		Easy    Challenging    Difficult
	6 / H	I.4: Equivalent Fractions Review		Easy    Challenging    Difficult
	6 / H	I.5: Write Fractions in Lowest Terms		Easy    Challenging    Difficult
	6 / H	J.1: Add/Subtract Like Fractions		Easy    Challenging    Difficult
	6 / H	O.2: A/S/M/D Whole Numbers Word Problems		Easy    Challenging    Difficult
	6 / H	O.3: Evaluate Numerical Expressions Involving Whole Numbers		Easy    Challenging    Difficult
	6 / H	O.5: A/S/M/D Decimals Word Problems		Easy    Challenging    Difficult
	6 / H	R.1: Write a Ratio		Easy    Challenging    Difficult
